Overall MoU

❑ **Agreement among all stakeholders willing to contribute to the ESCom phrases**

❑ **Regulates phrase IP**

❑ **Includes steering committee for the project**
   ❑ Associations
   ❑ Industry
   ❑ Participating IT providers (have to be organized)

IT providers working agreement

- **Agreement among all stakeholders willing to contribute to the ESCom XML**

- **Regulates XML IP, incl. copyrights and patent rights**

- **Includes two kinds of membership**
  - Full members
  - Feedback partners

- **Includes no rules for the work group organization**

- **Should be organized as a community development group**

Status IT Provider agreements

- **Most of 15 (!) IT providers signed the working agreement**

- **First steps on the CDG organization done**

- **Sharing of updated ESComXML data model / structure in Dec. 13**

- **Release of ESComXML 2.0 specification likely in Q1.14**

- **Standard will be frozen for at least 2 years**
  - Support market penetration
  - Support investment decisions (IT providers, companies)

Thank You!
