Subject: ECHA/2009/39: Multiple Framework Contract with reopening of competition and division into lots for external service provision for development, studies, support of information systems and security, awarded through an open procurement procedure

CLARIFICATIONS 18

18.1 Is independent strategic IT advice embedded in this tender? If yes, which lot? If no, do you expect a separate tender for this type of work?

Strategic IT advice may be requested in form of an information system study as part of LOT 2.

18.2 With the numbers provided by you we calculated an expected blended daily rate of EUR [...] per day. Would it be possible for you to elaborate on the expected tariff bandwidths for the function profiles indicated on page 15?

As both framework and specific contracts are awarded through the best value for money procedure where a high weighting is given to price, ECHA expects very competitive financial offers with fixed unit prices.
