Subject: ECHA/2009/39: Multiple Framework Contract with reopening of competition and division into lots for external service provision for development, studies, support of information systems and security, awarded through an open procurement procedure

CLARIFICATIONS 6

6.1 Regarding Place of Delivery: The place of performance of the task concerning lot 1 to 6 shall be either the Contractor's premises or the Agency's premises. Do you have "border" limitations regarding the localization of the Contractor's premises?

As for the localization of the Contractor's premises with regard to the execution of tasks, in principle, there are no limitations.

As far as eligibility is concerned, however, the criteria laid down in the specifications need to be met by the tenderer and the consortium members.

6.2 Regarding administrative documentation: When an economic operator relies on the capacity of his mother company, with an endorsement letter for resources and financial capacity, please could you confirm that only the economic operator must provide all the necessary administrative documents?

Please see 3.2.
